

## Avant Fixed Seating Series >>>

- **Sites Application:** Stadium, Arena, Football club, Metal Bleach system
- **Style:** A modern simple style with smooth lines and visual appeal. The ergonomic seat design ensures maximum comfort for extended periods of time.
- **Craftwork:** Adopting superior frequency conversion multi-wall thickness control technique to make sure the product is uniform and its texture is smoother and softer.
- **Back and Base:** Manufactured from high quality HDPE with anti-fire anti-UV, anti-oxidant and anti-static additives ensures the highest quality and performance. Steel threads cast into the base mold increase load ability and maximize strength. Mechanical test passed the EN12727. Drain holes in the base allow water to escape during rain.

- **Support Structure:** The floor and riser mounting brackets are cast from magnesium alloy and receive quality powder coat or hot galvanized surface coatings.

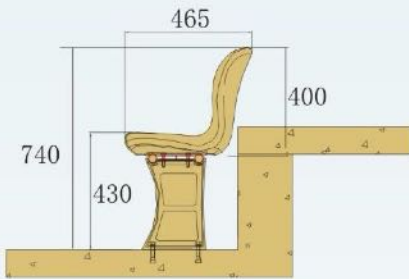

Patent No: 2011 3 0268491.5
