

Avant Fixed Seating Series >>>

HISHINE

Folding Upholstered Seating

- **Site Applications:** Stadium, Gymnasium, Theater, Exhibition center
- **Style:** A high class seat style with smooth lines and visual appeal will always be popular into the future. The ergonomic seat design ensures maximum comfort for extended periods of time.
- **Back and Base:** Incorporates a steel internal frame for strength and special webbing with cold mold foam for superior comfort.
- **Seat Support and Armrest:** The seat support post is cast from magnesium alloy and has a polyurethane coated steel armrest.
- **Folding system:** The gravity folding system and a dampening reducer mechanism ensures the folding function is smooth, quiet and maintenance free.
- **Mounting Structure:** High quality RHS steel beam welded to steel floor mount stanchions and finished with quality powder coated surface.
- **Options:** Seat and row numbers are available. Backboards can be steel or wood and upholstery is available in fabric or PU leather
- **Mechanical Test :** EN12727.
